**DECLARATION OF QUINCY NEWELL**

I, Erin Burke, declare as follows:

1. I am over the age of 18 years and am an Owner-Member of Silent Stack Cybersecurity, LLC since April 2024. As an owner-member, I conduct forensic investigations and advise clients on cybersecurity best practices.

2. From July 2022 to April 2024, I was employed as a Director in cybersecurity practice at FTI Consulting, Inc. (“FTI”), a business consultancy firm that specializes in corporate finance and restructuring, economic consulting, forensic and litigation consulting, strategic communications and technology. I have personal knowledge of the following facts and could, and would, competently testify thereto if called as a witness. I make this Declaration in support of Plaintiffs’ Motion to Hold Defendants in Contempt and Order to Show Cause Re: (1) Violation of Preliminary Injunction, and (2) Spoliation of Evidence (“Motion”).

3. I have 15 years of professional experience in law and program management, including five years of cybersecurity experience in confidential and complex criminal and regulatory cyber security investigations, specifically in insider threats and digital assets and currency, and maturing enterprise security programs. Prior to joining FTI, I led enterprise-level criminal and national security cyber investigations at the Federal Bureau of Investigations (“FBI”) in Los Angeles, including investigations of malicious-cyber actors, for approximately four- and one-half years from January 2018 to May 2022. Prior to joining the FBI, I was Assistant Dean at Fordham University from 2010 through mid-2016. At different points during that time, I was also Adjunct Faculty in the Computer

1 Sciences Department at Fordham University. I clerked and practiced law in New  
2 York and New Jersey in securities and arbitration matters for approximately two  
3 years from 2008 to 2010.

4 4. Global Information Assurance Certification (“GIAC”) is an  
5 information security certification entity that specializes in technical and practical  
6 certification, and I have held GIAC certifications in Linux hardening, incident  
7 handling, and penetration testing. I hold a CISSP (Certified Information Systems  
8 Security Professional) certification, granted by the International Information  
9 System Security Certification Consortium (“ISC2”). I hold undergraduate and  
10 graduate degrees in law (Juris Doctor) and computer science (Master of Science)  
11 both from Fordham University.

12 5. My experience includes work and investigations involving Google  
13 applications and services, and the Instagram and Twitter platforms. Specifically, in  
14 my investigative capacity while I was at the FBI, I regularly prepared and served  
15 subpoenas upon Google and social media platforms, including Instagram and  
16 Twitter, and analyzed returns received in response to the subpoenas. Additionally,  
17 I have experience investigating and working within Google’s Workspace  
18 infrastructure of enterprise tools and services based on advisory work I provide to  
19 clients in the corporate environment.

20 6. In approximately September 2022, FTI was retained by counsel for  
21 Plaintiff Hidden Empire Holdings, LLC (“HEFG”). On or about October 3, 2022,  
22 FTI was informed of the Preliminary Injunction entered in this action, signed by  
23 the Honorable Michael W. Fitzgerald, dated September 30, 2022 (“Preliminary  
24

1 Injunction”), and was asked by HEFG and its counsel to coordinate and assist in  
2 the transfer of the assets described in and required by the Preliminary Injunction  
3 to HEFG from Defendants Darrick Angelone (“Angelone”) and AOne Creative  
4 LLC, formerly known as Aone Entertainment, LLC.

5 7. Among other things, I learned through my communications with  
6 HEFG representatives and its counsel that Angelone had provided services to  
7 HEFG for approximately a decade that included development and maintenance of  
8 digital content, social media marketing, and acquisition and maintenance of  
9 HEFG’s website domains. Counsel requested FTI to assist with expeditiously and  
10 accurately transferring online assets identified in the Preliminary Injunction to  
11 HEFG and to act as a knowledgeable intermediary between HEFG and Angelone  
12 to facilitate the process. I was the primary person from FTI responsible for  
13 communicating with Angelone about this endeavor.

14 8. During FTI’s assistance with seeking to obtain Angelone’s  
15 compliance with the Preliminary Injunction, I and other members of my team at  
16 FTI: (1) conducted interviews of HEFG co-founder and executive, Roxanne Avent  
17 Taylor (“R. Taylor”), and other HEFG personnel such as her husband, HEFG co-  
18 founder and executive Deon Taylor; (2) conducted interviews of Angelone to  
19 understand context about the various matters pertinent to the transfer of HEFG’s  
20 assets and to obtain his compliance with the Preliminary Injunction; (3) exchanged  
21 emails with R. Taylor and Angelone regarding the status of Angelone’s compliance  
22 with the Preliminary Injunction and his efforts to transfer HEFG’s assets; (4)  
23 reviewed and observed HEFG account information and other documents related to  
24

1 the efforts to transfer the assets to HEFG; and (5) reviewed legal process returns  
2 provided by various service providers (e.g., Google, Namecheap, Charter  
3 Communications, Twitter) in response to subpoenas served by HEFG.

4 9. The assets in the Preliminary Injunction we understand to be at issue  
5 in the Motion can be grouped into the following categories: (1) HEFG's Google  
6 Workspace account, (2) HEFG's nine domains, and (3) HEFG's Instagram and  
7 Twitter accounts.

8 10. Google Workspace is a collection of productivity tools offered by  
9 Google. Many companies use Google Workspace as a solution for company email,  
10 file storage on Google Drive, calendaring, task management, word processing  
11 using Google Docs (similar to Microsoft Word), creating financial spreadsheets  
12 using Google Sheets (similar to Microsoft Excel), and other functions. Those are  
13 many of the most common functions a business desires when it creates and  
14 maintains a Google Workspace account.

15 11. When signing up for a Google Workspace account, a business owner  
16 enters the business' domain name to use with the Google Workspace account. In  
17 the account creation process, Google does not take the applicant's word that the  
18 applicant owns the domain name sought to be used for the Google Workspace  
19 account. Rather, Google has an automated procedure for a Google Workspace  
20 registrant to demonstrate the registrant's ownership of the domain name it seeks to  
21 use for its Workspace account. Once the account is created, a registrant can then  
22 create various "user accounts" within the newly formed Google Workspace  
23 account for each of its users (e.g., employees and consultants) to send and receive  
24

1 email. For example, if HEFG created an account using the  
2 hiddenempirefilmgroup.com domain it owns, HEFG could then create a user  
3 account for one of its employees (e.g., John Doe) under that domain (e.g.,  
4 JohnDoe@hiddenempirefilmgroup.com) that could then be used by that employee  
5 to send and receive email. In this case, HEFG's Google Workspace account was  
6 created and maintained using the domain *hiddenempirefilmgroup.com*. Domain  
7 names are described more fully below.

8 12. For a modern business to have a presence on the internet – that is, for  
9 example, to have a website or use a professional, custom email address – it must  
10 purchase a domain name that gets hosted. A domain name is the method by which  
11 something on the internet can be contacted in a human-friendly way. For example,  
12 by typing in the domain name *hiddenempirefilmgroup.com* in a web browser, one  
13 can view the website for HEFG. Additionally, one can correspond over the internet  
14 by sending an email to an email address such as  
15 [office@hiddenempirefilmgroup.com](mailto:office@hiddenempirefilmgroup.com).  
16

17 13. Domain names may be purchased from various companies who sell  
18 them, and they must be renewed periodically for continuous use. The purchase of  
19 a domain name alone does not instantly result in an internet-accessible website or  
20 email; the purchase simply means the domain name has been made unavailable for  
21 others to use. In fact, domain names are commonly purchased simply to be owned  
22 and protected from others' malicious or deceiving, or unintentionally confusing,  
23 use, and not necessarily to be functional.

24 14. To be functional and accessible by the internet, a domain name must  
25

1 be hosted, meaning, in the case of a website, that the files of code and graphics are  
2 stored on an internet-connected computer, called a server. Because maintaining a  
3 server entails technical knowledge and attention, many businesses opt to use a  
4 hosting provider, who effectively rents its server space for companies to use to host  
5 their domain name and related content.

6 15. The Internet Corporation for Assigned Names and Numbers (ICANN)  
7 is a not-for-profit public/private partnership that plays a significant role in the stable  
8 functioning of our global internet, specifically by coordinating the Internet's  
9 naming system. As an example, ICANN coordinates the Internet's domain name  
10 system, as discussed in this declaration, whereby human friendly domain names,  
11 purchased for use from registrars, map to IP addresses on the internet. ICANN  
12 specifically coordinates contracts with registries, and coordinates and deconflicts  
13 the allocation of IP addresses, among ICANN's other responsibilities in this space.

14 16. Among these additional responsibilities is maintenance of the WHOIS  
15 database. WHOIS is a database that stores the registrant information, such as name,  
16 address, phone number, and email address, for a domain name, and IP address  
17 block. This transparency of registrant information allows for  
18 accountability and investigation of domain or IP ownership.

19 17. All internet connected computers are reachable through IP addresses.  
20 Hosting providers will facilitate Domain Name System ("DNS") services, which  
21 map a domain name to an IP address, allowing the end user to visit websites and  
22 send email in a human friendly way.

23 18. To put it all together, based on my investigation  
24

1 the domain *hiddenempirefilmgroup.com* is hosted by the hosting provider called  
2 Namecheap, who has assigned it the IP address 162.255.119.166.<sup>1</sup>  
3 Hiddenempirefilmgroup.com is both a functional website and an email domain, and  
4 no one needs to know its IP address to see the website or send email.

5 19. As a media production company, HEFG had an important presence on  
6 Instagram, Twitter, YouTube, and Facebook, where it has shared information about  
7 upcoming films and promotional events. Specific social media account names,  
8 particularly for Instagram and Twitter, are typically referred to as “handles” that  
9 follow an “@” sign. In the case of Facebook and YouTube, content is accessible  
10 through a business page “URL” such as [www.facebook.com/examplebusinessid](http://www.facebook.com/examplebusinessid).

11 20. Based on my investigation, the evidence indicates that after the  
12 Preliminary Injunction was issued, Angelone apparently deleted HEFG’s Google  
13 Workspace account when he was the administrator of the account.

14 21. An administrator is a person on a Google Workspace account with  
15 “administrator privileges.” A Google Workspace administrator manages the  
16 account and is able to take certain actions and make changes that a standard user of  
17 an account cannot. For example, an administrator can add and delete accounts, reset  
18 passwords, and change settings. The term “super administrator” refers to an  
19 administrator that has access to all possible administrator privileges. An  
20 administrator that is not a “super administrator” may have access to only certain  
21 subsets of the available administrator-related privileges.

22 22. The original creator of a Google Workspace account becomes the  
23 account’s first user, and the account’s “super administrator.” Based on my  
24

1 interviews of R. Taylor and Angelone, and correspondence from Angelone, he  
2 originally set up the HEFG Google Workspace account using the  
3 hiddenempirefilmgroup.com domain and was engaged by HEFG to be solely  
4 responsible for the maintenance of that account. As Angelone was the  
5 account's creator, his email address -  
6 [darrick@hiddenempirefilmgroup.com](mailto:darrick@hiddenempirefilmgroup.com) - was the original "user" of the account that  
7 had the privileges of "super administrator." Angelone's role as sole administrator  
8 is documented in the Google Return No. 25783578 dated January 25, 2023. (See  
9 **Exhibit** 53, p. 53.44 [Google Return]).

10  
11 23. In the case of HEFG's Google Workspace Account that Angelone was  
12 hired to maintain, based on all the information available to me, there was only ever  
13 one super administrator, Angelone. In this Declaration, I will simply refer to  
14 Angelone's role as "administrator" because Angelone was the only administrator  
15 and HEFG as a small company did not have a structure of multiple super  
16 administrators or administrators with varying privilege sets.

17 24. On October 10, 2022, R. Taylor advised me that all of the information  
18 in HEFG's Google Workspace account had been deleted. As explained below, the  
19 Google Return and correspondence from Google Workspace Support to R. Taylor  
20 show that Google reinstated Angelone's administrator privileges which were used  
21 to delete HEFG's Google Workspace account on October 10, 2022. (**Exhibits 14-**  
22 **16**, *post.*)

23 25. In the weeks following October 10, 2022, R. Taylor communicated  
24 with Google Workspace Support account recovery team in an attempt to recover  
25

1 HEFG's deleted account and all its contents but was advised by Google that the  
2 account and its contents (including all of HEFG's historical emails and records)  
3 could not be recovered. Correspondence from Google Workspace Support  
4 confirms that the prior administrator (Angelone) deleted the account and that it  
5 could not be recovered:

- 6 • October 27, 2022: "Since the deletion has been performed by the  
7 existing admin in workspace..." A true and correct copy of this email to R.  
8 Taylor, which she forwarded to me, is attached as **Exhibit 14**.
- 9 • November 1, 2022: "Please be informed that the deletion of *old*  
10 *account* was performed by the *existing super administrator* and  
11 *only administrator can delete the account* because administrator has the all  
12 (sic) control over the Google workspace but not any user hence I would  
13 suggest you to be in touch with the *existing/old admin of the previously*  
14 *deleted Google workspace* account with the domain  
15 *hiddenempirefilmgroup.com*." (Emphases added). A true and correct  
16 copy of the November 1, 2022, correspondence from  
17 Google Workspace, which R. Taylor forwarded to me, is attached as **Exhibit**  
18 **15**.
- 19 • November 8, 2022: "According to your other opened case 40829326  
20 you were informed that you were not able to prove the ownership of the  
21 domain 'hiddenempirefilmgroup.com' by answering the knowledge test  
22 and by adding CNAME. *Therefore changes were reverted to the original*  
23 *state* prior to sending proof of ownership request to both parties (namely  
24  
25

1 you as requester and the rogue admin). Once this account was reverted  
2 the admin deleted domain and domain was released and according to my  
3 tools can see that you signed up for new domain later on the same date  
4 10/OCT/2022.” (Emphasis added) A true and correct copy of the  
5 November 8, 2022, correspondence from Google Workspace, which R.  
6 Taylor forwarded to me, is attached as **Exhibit 16**.

7 26. All the information available to me indicates Angelone was the person  
8 who deleted HEFG’s historical Google Workspace account because no one except  
9 for Angelone had ever been an administrator on the account and only an  
10 administrator has the ability to delete an account. This is confirmed by Angelone  
11 himself in his declaration filed with this Court on or about September 28, 2022, in  
12 which he stated that:

13 “Roxanne has never had administrator privileges and needed to contact  
14 me or someone at Aone in order to create, delete or update email accounts.”  
15 (Dkt. 23-1, ¶ 12). No records I have seen even suggest R. Taylor ever  
16 obtained administrator access up through, and including, October 10, 2022,  
17 when the old account was deleted.

18 27. In addition, in approximately April 2023, after HEFG’s new Google  
19 Workspace account was created, I accessed audit logs within the admin console for  
20 the account. Audit logs provide a record of actions performed within a given  
21 Google admin console.<sup>2</sup> The audit logs within the Google admin console show a  
22 record of activity conducted by the administrator(s) of an account.

23 28. When I accessed the audit logs for HEFG’s Google Workspace  
24

1 account, I saw the record of activity for that account as well as what appeared to be  
2 a few historical snippets from the prior account.<sup>3</sup> The audit logs show that the  
3 following IP address was logged onto HEFG's Google Workspace account when  
4 R. Taylor's account was disabled:

5 2603:8000:df00:988f:90b8:f0ce:ab97:3f8d, 2022-10-10T19:32:32-07:00.

6 An IP address is the address identifying the source or destination of a computer  
7 sending or receiving traffic on the internet. The IP address can be tied to a specific  
8 individual. This can be done by contacting the IP address provider who maintains  
9 records identifying the individual subscriber that used a particular IP address at a  
10 given point in time.

11 29. As the oldest two records from the audit logs originated from  
12 Angelone's IP address (including the record evidencing the disabling of R. Taylor's  
13 user account), it appears he used administrator credentials to disable R. Taylor's  
14 account on October 10, 2022, the same day the entire Workspace account was  
15 deleted and while Angelone was the sole administrator. A true and correct  
16 screenshot of the admin console and audit logs is attached as **Exhibit 19**.

17 30. In **Exhibit 19**, the last entry, states:  
18 Roxanne[[\[@\]hiddenempirefilmgroup.com](mailto:[@]hiddenempirefilmgroup.com)] disabled. Next to that, it identifies the  
19 corresponding IP address (for Angelone) that executed that particular action.

20 31. The fact that IP address 2603:8000:df00:988f:90b8:f0ce:ab97:3f8d  
21 belongs to Angelone was confirmed through a subpoena served by HEFG on  
22 Charter Communications ("Charter"), the Internet Service Provider assigning this  
23 particular IP address. The documents produced by Charter identified the subscriber  
24

1 as “Evonne Zummo,” who is Angelone’s mother, and the subscriber location as  
2 2529 Griffith Park Blvd., Los Angeles, CA 90039, which is Angelone’s residence.  
3 Additionally, the User Name for the subscriber identifies two email accounts  
4 associated with Angelone: [aoneent@twc.com](mailto:aoneent@twc.com) and [darrick.aone@gmail.com](mailto:darrick.aone@gmail.com). A  
5 true and correct copy of the Charter Return is attached as **Exhibit 60**.

6 32. The information in the audit logs corroborates that Angelone had the  
7 administrator access and the ability to delete the Workspace Account as identified  
8 in Google’s return. This deletion of the Workspace account resulted in the loss of  
9 all of the historical information contained within or connected to HEFG’s Google  
10 Workspace account. As Angelone was the sole administrator of the HEFG Google  
11 Workspace account and used his administrator credentials to deny R. Taylor access  
12 to the account on October 10, 2022, based on the information available to me, he  
13 had to be the person that also deleted the entire HEFG Workspace account before  
14 R. Taylor was able to login to the new HEFG Google Workspace account.  
15

16 33. Angelone did not successfully transfer two social media accounts,  
17 which accordingly to R. Taylor were the two most important to HEFG’s business  
18 and branding, specifically: Twitter @hiddenempirefg, and Instagram  
19 @hiddenempirefilmgroup.

20 34. HEFG’s counsel subpoenaed records from Twitter regarding HEFG’s  
21 Twitter account. The Twitter Return included information showing that the  
22 historical account was deleted on November 4, 2022 and HEFG’s Twitter handle  
23 was transferred to “Jacky Jasper,” the same alias of Angelone that is associated  
24 with the Nine Icelandic Domains, on January 12, 2023. See **Exhibit 56**, pp. 56,4,  
25

1 56.9. The

2 35. Twitter return further revealed that IP address 76.167.147.254 was  
3 used to login to the Twitter account, the [darrick@hiddenempirefilmgroup.com](mailto:darrick@hiddenempirefilmgroup.com)  
4 Workspace account and the “Jacky Jasper” Namecheap account containing the  
5 Icelandic Domains. See **Exhibit 56**, p. 56.6 (Twitter); **Exhibit 58**, p. 58.12  
6 (Namecheap), **Exhibit 53**, p. 53.40 (Google Workspace). This IP address is a Los  
7 Angeles-based IP address provided by Spectrum. A true and correct copy of the  
8 Twitter Return is attached as **Exhibit 56**.

9 36. On October 5, 2022, I sent an email to Angelone and requested, among  
10 other things, that he prioritize transferring the social media accounts, including  
11 HEFG’s Twitter @hiddenempirefg account and HEFG’s  
12 @hiddenempirefilmgroup’s Instagram account. Angelone replied on October 5,  
13 2022, and specifically regarding the @hiddenempirefg Twitter account, stated that  
14 the account had been suspended for copyright issues. A true and correct copy of  
15 the email thread with my request and Angelone’s reply is attached as **Exhibit 26**.

16 37. On October 7, 2022, and October 11, 2022, I emailed Angelone and  
17 asked him to produce the suspension notification from Twitter. A true and correct  
18 copy of the email thread between Angelone and me is attached as **Exhibit 27**.  
19 Exhibit 27 includes Angelone’s October 11, 2022, email in which he stated he was  
20 not aware of any notification from Twitter and provided a screenshot indicating  
21 that the account did not exist.  
22

23 38. When I asked Angelone for the password to the account on the same  
24 day, he sent a password that was invalid. Also on the same date, I sent a follow-up  
25

1 email to which Angelone answered: “Try a reset. It’s been a long time (**Exhibit 27,**  
2 p. 27.2). A lot of these accounts were not active or had bots/automation posting.”  
3 However, I could not conduct a password reset because Angelone would not  
4 provide a valid email or phone number connected with the account.

5 39. Meanwhile, a separate team within FTI had been retained to monitor  
6 HEFG’s social media accounts, parallel to my work trying to facilitate the account  
7 transfers. My colleague at FTI, Alex Izen, was a member of that team. The work  
8 by 1 that team revealed that Angelone apparently took over HEFG’s twitter  
9 account and changed the handle to @darrickdidit before deleting the account.

10 40. Based upon the Twitter Return, HEFG’s Twitter  
11 account was misappropriated on January 12, 2023, by the “Jacky Jasper” alias used  
12 by Angelone. The account associated with the username and handle  
13 @hiddenempirefg showed a creation date 2023-01-12T00:41:10.121Z with  
14 the email address jacky.jasper@gmail.com. (See Twitter return, Exhibit 56, p.  
15 56.4.) A very similar email address, jackyjasper@gmail.com, was used to  
16 register the Nine Icelandic domains. And as stated in Paragraph 67, IP address  
17 76.167.147.254 was used to login to Angelone’s HEFG Workspace account, the  
18 “Jacky Jasper” Namecheap account with aventviii and the Icelandic Domains, and  
19 HEFG’s twitter account. See Exhibit 56, p. 56.6 (Twitter); Exhibit 58, p. 58.12  
20 (Namecheap), Exhibit 53, p. 53.40 (Google Workspace). This indicates that  
21 Angelone had access to, and continued to access the Twitter account, after the  
22 Preliminary Injunction Order issued, and did not turn it over.

23 41. On October 5, 2022, Angelone first provided me with the username  
24  
25

1 and password credentials for the Instagram account. However, the account was  
2 protected by “two factor” or “multi factor” authentication (“2FA”) as well.  
3 Instagram’s 2FA is a mechanism that is used to protect an account in the event of  
4 credential set compromise. For example, when a new device, such as a new  
5 computer, logs into an account, the 2FA may be used to “verify” that this new  
6 device is permitted to access the account.

7 42. The 2FA process requires that in addition to inputting a username and  
8 password, one must receive and input a confirmation code to gain access to the  
9 account. Typically, in order to get the confirmation code, the 2FA process requires  
10 input of an email address, a cell phone number, or use of an authenticator app.

11 43. In the case of the HEFG Instagram account, when I attempted to test  
12 the username and password provided by Angelone, it was met with the 2FA  
13 process. Specifically, Instagram sent a response to me stating that it sent an email  
14 to “s\*\*\*\*\*@h\*\*\*\*\*.com” that contained the confirmation code I needed to access  
15 the account.

16 44. On October 11, 2022, I asked Angelone to identify this partial email  
17 address that was provided. A true and correct copy of the email thread between  
18 Angelone and me is attached hereto as **Exhibit 28**. In response, Angelone told me  
19 by email he was unable to identify this email address. (*Id.* at p. 28.4.) In an email  
20 dated October 11, 2022, Angelone claimed he had not logged into the Instagram  
21 account since providing account credentials on September 30, 2022, and further  
22 claimed that on October 11, 2022, he received a similar verification email sending  
23 a confirmation code to the same unknown email. (*Id.* at p. 28.2.)

Google Workspace

Hello Roxanne,

Greetings for the day!

I understand that you want to restore the emails that have been deleted. Please be informed that you have already created a new Google workspace account and the previous account has been completely deleted thus there is no possibility to restore those emails/users data that has been completely freed from our system.

Since the deletion has been performed by the existing admin in workspace and we never promise for any user data/files that has been deleted either by system or the admin.

Therefore , There is nothing left in this case as I can confirm by checking the inventory as you are able to login successfully to the admin console hence I will proceed to close the case as resolved.

It was a pleasure assisting you with this issue. If the case is not resolved and you need any further assistance on this issue, we request you to reply to any email you have received which references your unique case number within 30 days. This will reopen the case and I am happy to assist you further. If you need assistance with any new concern, kindly create a new request and we will be glad to assist you.

However we do have a dedicated support team for all other Google Workspace core services and you should get required support. Please log in to [admin.google.com](https://admin.google.com), and reach out to our support teams as highlighted by the Help Center article\_ <https://support.google.com/a/answer/1047213>.

If you have queries in the meantime, please do not hesitate to contact me by replying to this email.

Have a great day!

Regards,

Prince

Hello Roxanne,

Greetings for the day.

Thank you for contacting Google Workspace support. My name is David and I am representing the Account Recovery Team. I call you and I will be assisting you today on behalf of my colleague Prince.

I tried to reach you on +1 916-257-2475. However, the call reached voicemail and because of that I am sending this email instead.

Please be informed that the deletion of old account was performed by the existing super administrator and only administrator can delete the account because administrator has the all control over the Google workspace but not any user hence I would suggest you to be in touch with the existing/old admin of the previously deleted Google workspace account with the domain hiddenempirefilmgroup.com.

I will be closely attentive to your reply and if you have more questions, I will make sure to properly address them.

Have a great day!

Regards,

David

Hello Roxanne,

This is Pedro from the Account Recovery team supporting in this case. By reading notes I understand that you're requiring to continue working with case 41638514 (currently closed) as there's still pending to address historical emails from deleted user accounts and can see that case 41638514 also indicates that you have case 40829326 (which is still opened) following on this issue where **it has been confirmed that deleted emails can't be recovered as previous iteration of the domain was deleted along with contents by the previous existing admin on 10/OCT/2022.**

According to your other opened case 40829326 **you were informed that you were not able to prove the ownership of the domain 'hiddenempirefilmgroup.com' by answering the knowledge test and by adding CNAME. Therefore changes were reverted to the original state prior to sending proof of ownership request to both parties (namely you as requester and the rogue admin).**

**Once this account was reverted the admin deleted domain and domain was released and according to my tools can see that you signed up for new domain later on the same date 10/OCT/2022. Unfortunately the emails and the data that you are requiring to recover were part of the previous iteration of the domain and unfortunately those can't be recovered as after 20 days the data is gone and can't be restored [1].**

Please let me know if this has clarified your inquiries regarding missing historical emails.

Erin,

Previously when on the url: [www.twitter.com/hiddenempirefg](https://www.twitter.com/hiddenempirefg) it said that the account had been suspended. Now it just says its does not exist. I don't know when or why the status changed. Given twitter says it doesn't exist but you also can not create an account with it, which is generally in line with handles of accounts that were suspended.

Exactly. Have you tried creating an account with that username? They literally never once logged in and used it so if their interest lies in the handle, try that. If its the content, again it was mostly automated bots and not actively managed so this best i can assist.

Roxanne logged into @hiddenempirefilmgroup instagram on October 6th from Granite Bay, where she lives see attached . This is the last email i have from Instagram regarding this account and confirms she logged in. It was also sent to [office@aone.la](#) and not the [s l@h .com](#) email. We have the same confirmation for every other instagram account provided, and since, we have no access to any of them. Perhaps roxanne meant to use the .tv instead of .com when she changed it.

I have been logged out since we shared credentials with Roxanne, via last pass on September 30. When i try and log in now, i received the same verification screenshot attached with asterisked email address. When clicking to verify, i also do not receive an email or code.

Erin,

The email address on the @hiddenempirefilmgroup instagram account, when i transferred to you was [office@aone.la](mailto:office@aone.la), this is the email i received a confirmation on, from IG, when your colleague was logging on. I attached that here too. I have no idea what the asterisk email could be if not [hefg.com](http://hefg.com).

[social@hiddenempirefilmgroup.com](mailto:social@hiddenempirefilmgroup.com). This is not the case, as we have that email now and it is not receiving a verification email. The number of asterisks in the domain also don't match. Can you please help identify the domain it is referring to?

Darrick,

To recap today s conversation, we ll be trying parallel efforts to recover the hiddenempirefilmgroup Instagram account for meaningful access and use by HE. I will be attempting to send verification emails to [social@hiddenempire.com](mailto:social@hiddenempire.com) and [social@hyperenginellc.com](mailto:social@hyperenginellc.com) in the meantime, because you have the [office@aone.la](mailto:office@aone.la) email that is associated with the Instagram account as evidenced by your continued login notification emails, you are going to initiate a help re quest via Facebook given Instagram s full automation e plaining there is an unknown/inaccessible verification email associated with the Instagram account that needs removal. As we discussed, it is imperative not to re quest that Instagram resets the credentials which could be sent to the unknown email which are working ust fine, or otherwise locks the account. The re quest is solely to get the verification email of [s\\_\\_\\_\\_@h\\_\\_\\_\\_.com](mailto:s____@h____.com) removed. Thank you for your collaborative efforts on this matter.

Dear Lawrence C. Hinkle II:

Pursuant to the subpoena issued in the above-referenced matter, we have conducted a diligent search for documents and information accessible on Google's systems that are responsive to your request. Without waiving, and subject to its objections, Google hereby produces the attached documents. Our response is made in accordance with state and federal law, including the Electronic Communications Privacy Act. See 18 U.S.C. § 2701 et seq. By this response, Google does not waive any objection to further proceedings in this matter.

We understand that you have requested customer information regarding the user account(s) specified in the subpoena, which includes the following information: (1) subscriber information for the Workspace Enterprise account(s) associated with HIDDENEMPIREFILMGROUP.COM.

Accompanying this letter is responsive information to the extent reasonably accessible from our system, a list of hash values corresponding to each file, and a signed Certificate of Authenticity. Google may not retain a copy of this production but does endeavor to keep a list of the files and their respective hash values.

Finally, Google requests reimbursement in the amount of \$125 for reasonable costs incurred in processing your request. Please forward your payment to Google Custodian of Records, at the address above and please write the Internal Reference Number (25783578) on your check. The federal tax ID number for Google is 77-0493581.

Very truly yours,

## CERTIFICATE OF AUTHENTICITY

I, Patrick Marcus, certify:

1. I am a Custodian of Records for Google LLC ("Google"), located in Mountain View, California. I am authorized to submit this Certificate of Authenticity on behalf of Google in response to a subpoena dated October 18, 2022 (Google LLC Internal Reference No. 25783578) in the matter of *Hidden Empire Holdings, LLC, et al. v. Darrick Angelone, et al.* I have personal knowledge of the following facts and could testify competently thereto if called as a witness.

2. The accompanying 6 files contain true and correct copies of records pertaining to the Workspace enterprise account associated with HIDDENEMPIREFILMGROUP.COM ("Document").

3. The documents attached hereto reflect records made and retained by Google. The records were made at or near the time the data was acquired, entered, or transmitted to or from Google; the records were kept in the course of a regularly conducted activity of Google; and the making of the records were a regular practice of that activity.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

DATED: January 25, 2023

A handwritten signature in blue ink, appearing to read "Patrick Marcus".

I have worked with our IT manager for over 10 years that maintained all of our domains, socials and google workspace. We have since released him and he has gone and changed all of our admin login and passwords and is extorting us for money. He is also pretending to be us and sending harmful emails from our accounts that are directly affecting us as people and our business. He is reading and forwarding personal banking details, contracts, etc to try to hack into our financial records from the detailed information he is searching in our emails. I DO NOT have access to anything anymore to turn off or change any passwords. I trusted this company Aone/Darrick Angelone and he has destroyed us. We have filed a Temporary restraining order and a police report but in the meantime we need to figure out a resolution to receive our company emails back. WE have been in business for 17 years and if you simply look us up, Hidden Empire Film group you will see this man and company is not the owner or affiliate of our company but simply work for hire. If you also look him up you will see that he has done this in the past to others. Please let me know how you can assist here please. Hello Roxanne, I hope this email finds you well. Following support case 40829326 filed with Google Workspace Support, I am writing to inform you that you must provide proof of ownership for "hiddenempirefilmgroup.com". Within seven days, you must successfully complete the actions listed below to prove ownership. If you fail to do so, you will not be granted administrative access to your Google Workspace account or any assets associated with it: user accounts, domains, Gmail content, Google Drive data, Google Cloud Platform projects, YouTube channel(s), Google Play developer account, etc. This will affect your all assets associated within the Google Workspace account. You can provide proof of domain ownership for your primary domain hiddenempirefilmgroup.com by following the steps below:

1. Create the following CNAME record through your domain hosting provider: 40829326.hiddenempirefilmgroup.com points to google.com If your hosting provider is separate from your domain registrar, make sure you are modifying the CNAME record with your hosting provider. For more information on how to create a CNAME record, please visit <https://support.google.com/a/answer/47283>. If you need assistance in creating the CNAME record, please contact your hosting provider for support
2. Please answer the following account knowledge questions: Please try to answer all of the questions, specifying a single answer to each one. If you are uncertain about some of the answers, it's a good idea to check the inbox of the personal email address you've specified while registering the Google Workspace account, or the bank that manages the payment method you're using.

- What is the username (username@domain.com) of the Super Administrator account you are trying to access?
- When did you last sign in to this Super Administrator account (MM/DD/YYYY)?
- What is the original secondary/recovery email address?
- Why are you unable to access this secondary/recovery email address?
- How many users are on your Google Workspace account?
- If you paid with a credit/debit card: (DO NOT PROVIDE COPY/SCAN OF ANY DETAILS)
- When was the last charge for this Google Workspace account (MM/DD/YYYY)?
- How much was your credit/debit card charged?
- What type of credit/debit card was charged (e.g. MasterCard, Visa)?
- What are the last four digits of this card?
- What is the expiration date of this card?
- What is the billing address associated with the Google Workspace payment method?
- If you made the transaction through Google Wallet, what is the order number?
- If you paid by bank transfer: (DO NOT PROVIDE COPY/SCAN OF ANY DETAILS)
- What is the date of the most recent invoice (MM/DD/YYYY)?
- How much was your most recent bank transfer?
- What is the reference number for this transfer?
- What are the last two digits of this bank account?
- What is the billing address associated with the Google Workspace payment method?
- If you paid by PayPal:
- When was the last charge for this Google Workspace account (MM/DD/YYYY)?
- How much was your PayPal account charged?
- What email is associated with the Paypal account used to pay?
- What is the ID of your last invoice?

Once you have replied, I will check your answers to the account knowledge questions. After I have verified your ownership of hiddenempirefilmgroup.com, we will be able to confirm Google Workspace account ownership. I appreciate your patience and your understanding regarding our commitment to account security. Please feel free to get in touch with us if you have any concerns or queries. We are always here and happy to help.

Dear Google, Thank you for your email. Due to a recent IT manager that has worked with the company as an consultant for 10 years has hijacked and changed all of our admins controls leaving us with no access to our server or workspace. He has went into our emails taken banking information, social security numbers, emailed people pretending to be us and going through our private contracts without authorization. I know this because our business colleagues have emailed us asking what's going on. We have filed a lawsuit but in the meantime the criminal activity and loss to our business has been very damaging. We had approximately 21 users on our workspace. He managed and secured on behalf of us. The payments are made monthly on an Amex card ending in 1009 on automatic renewal and we asked that he do this so we don't miss anything. I do not log in and haven't logged in as he has been contracted to perform all these functions so I am not aware when the password has changed. The name of the company who rightfully owns the domain is Hidden Empire Holdings, LLC, dba, Hidden Empire Film Group. "A-One" we understand is the controller of the account where our owned domains currently live. I have a formal agreement with A-One, explicitly showing our ownership of the domain: "www.hiddenempirefilmgroup.com", explicitly in Section 11. Assignment of Discoveries and Intellectual Property Rights; No Transfer of or License to Rights. ATTACHED HERE. Our objective is to obtain control of our owned domains by having them transferred to our NameCheap account. Hiddenempirefilmgroup.com I am the co owner of this company and if you Google us you will be able to confirm this easily. Hello Roxanne,  
I hope this email finds you well. I would have usually called you but it appears that we have a big time zone difference and I do not want to bother you over the phone as it is outside of business hours at your location. However I have arranged a callback at 10:00 AM Roseville time. I hope you will be present to discuss the case over the phone today at 10:00 AM. I or one of my colleagues will try to solve your issue. I see the case has been logged for Rogue Administrator and in order to prove the ownership, The original Administrator must be able to modify the DNS records and is able to complete the knowledge test as well that has already been sent to you in one of the previous emails. However in order to understand the issue better, I have arranged a callback so that the issue can be resolved at the earliest possible. I will be closely attentive to your reply and if you have more questions, I will make sure to properly address them. Have a great day!  
Regards,  
Prince

I'm sorry I don't understand. The account was deleted. When was this. We did not request this. It was supposed to be transferred? We have thousands of emails for years and years that we need to access. I really need to speak to senior management as this is not what was requested. Where are all the previous users and all the historical emails?

Hello Roxanne,  
I Hope this email finds you well.  
I understand that you are going through a difficult situation and would like assistance in accessing the Google Admin Console of the Google Workspace account for hiddenempirefilmgroup.com, which was set up by you earlier and compromised.  
Although we discussed it in our previous conversation and reverted the domain to its original state.  
As I have checked my inventory I can confirm that you have already set up a new Google workspace account with the domain hiddenempirefilmgroup.com. I hope that issue has been resolved now thus, I will proceed to close the case as resolved. If the case is not resolved and you need any further assistance on this issue, we request you to reply to any email you have received which references your unique case number within 30 days. Hello Roxanne,  
  
I hope this email finds you well.  
  
I would have usually called you but it appears that we have a big time zone difference and I do not want to bother you over the phone as it is outside of business hours at your location. However I have arranged a callback again at 11:00 AM Roseville time again. I hope you will be present to discuss the case over the phone today at 11:00 AM. I or one of my colleagues will try to solve your issue.  
  
I will be closely attentive to your reply and if you have more questions, I will make sure to properly address them.  
  
Have a great day!

Please clarify the below  
Please be informed that you have already created a new Google workspace account and the previous account has been completely deleted thus there is no possibility to restore those emails/users data that has been completely freed from our system. Dear Lawrence C. Hinkle II:

Google LLC (“Google”), a non-party to your litigation, has received your subpoena, dated February 01, 2023, in the above-referenced matter (the “Subpoena”). As we understand it, your Subpoena requests documents related to the Workspace accounts associated with ROXANNE@HIDDENEMPIREFILMGROUP.COM, DARRICK@HIDDENEMPIREFILMGROUP.COM, HIDDENEMPIREFILMGROUP.COM, OFFICE@HIDDENEMPIREFILMGROUP.COM.

At this point, however, as set forth more fully in the objections below, Google will not produce documents in response to the Subpoena because the requests are objectionable. Google objects to this request because the appropriate entity to whom you should direct your request is the owner of the Google Workspace (f/k/a G Suite) domain, HIDDENEMPIREFILMGROUP.COM. The owner of the domain has custody and control over data associated with their domain, and accordingly legal process seeking such data should be directed towards them. Google further hereby makes the following objections to the Subpoena.

**User Notification**

Google objects to the Subpoena to the extent it fails to allow sufficient time for Google to notify the affected user and for the user to assert his or her rights in response. Google provides its users at least 21 days to object to your request or to inform Google of their intent to file a motion to quash. If your subpoena sufficiently identifies a Google account, Google intends to forward notice of this matter, including your name and contact information, to the user at the email address provided by the user.

**Violation of Federal Law**

As written, the Subpoena can be construed to include information we are prohibited from disclosing. Google objects on the grounds that Section 2702(a) of the federal Stored Communications Act (“SCA”) prohibits Google from disclosing the content of electronic communications or content stored on behalf of the user pursuant to a subpoena. 18 U.S.C. § 2702(a) *see e.g., Suzlon Energy Ltd. v. You have several options at your disposal as to how you can lawfully obtain this information:

1. You can ask the administrator for the content. The administrator can find instructions for downloading the organization's data at <https://support.google.com/a/answer/100458>.
2. Google users can obtain and produce their account content themselves by using Google Takeout, available at [www.google.com/takeout/](http://www.google.com/takeout/); or
3. You can request a court to order the administrator to comply with #1.

If you decide to seek relief from the court, please let us know in advance so that we can oppose. We request that you attach this letter to any relevant court filing.

### **Obligations of Parties to Litigation**

Google objects to the subpoena because it would impose an undue burden to Google, a nonparty to the litigation. *See Fed. R. Civ. P. 45(d)(1)*. All the information available to Google is equally available to the holder of an active account. Since the account in question appears to belong to a party-opponent in the litigation, a third-party subpoena is not justified. *See Haworth, Inc. v. Herman Miller, Inc.*, 998 F.2d 975, 978 (Fed. Cir. 1993) (upholding refusal to enforce subpoena issued to non-party where same documents were available from party opponent); *Hasbro, Inc. v. Serafino*, 168 F.R.D. 99, 100 (D. Mass. 1996) ("If documents are available from a party," it is "preferable to have them obtained pursuant to Rule 34 rather than subpoenaing them from a non-party witness.") (internal alterations and citation omitted); *Musarra v. Digital Dish, Inc.*, No. 2:05-CV-545, 2008 WL 4758699, at \*4 (S.D. Ohio Oct. 30, 2008) ("[T]he Court will not impose on this non-party the burden of producing documents presumably available to plaintiffs from a party to this litigation."); *Calcor Space Facility, Inc. v. Superior Court*, 53 Cal. App. 4th 216, 225 (1997) ("As between parties to litigation and nonparties, the burden of discovery should be placed on the latter only if the former do not possess the material sought to be discovered.").

To the extent these records are sought to verify the completeness or accuracy of discovery from a party to the litigation, the Federal Rules of Civil Procedure do not permit third-party subpoenas for hypothetical impeachment evidence. *See, e.g., Cusumano v. Microsoft Corp.*, 162 F.3d 708, 712 (1st Cir. 1998) (affirming the trial court's denial of a Rule 45 subpoena where the information was sought "for purposes akin to impeachment."); *Musarra*, 2008 WL 4758699, at \*3-4 (rejecting plaintiff's request for non-party discovery to "compare[] and contrast[]" with defendants' production). If you have reason to suspect that another party has not complied with their discovery obligations, you have other means available that do not place an undue burden on a third party. For example, you can request that the other party produce account data while under supervision by the court or by a special master or obtain the services of an e-discovery consultant. *See, e.g., Seven Seas Cruises S. De R.L. v. V. Ships Leisure SAM*, No. 09-23411-CIV, 2011 WL 772855, at \*7 (S.D. Fla. Feb. 19, 2011), report and recommendation adopted, No. 09-23411-CIV, 2011 WL 772902 (S.D. Fla. Feb. 28, 2011) (granting a motion to compel after finding that defendant's production contained significant gaps, and ordering defendant to "retain the services of a qualified third party E-Discovery consultant or vendor and perform a search."). *See also Logtale, Ltd. v. IKOR, Inc.*, No. C-11-05452 CW (DMR), 2013 WL 3967750, at \*3 (N.D. Cal. July 31,

Google LLC

2013) (noting “obvious gaps and underproduction,” and suggesting that, if there were “continuing problems. . . the court [would] order [defendants] to retain the services of an e-discovery vendor and . . . submit sworn, detailed declarations regarding their document preservation and collection efforts.”).

#### **Additional Objections**

1. Google objects to the Subpoena to the extent it seeks to impose an undue burden on a disinterested non-party. Google further objects to the Subpoena to the extent it seeks information already in a party's possession or available to a party from some other source (including public sources) that is more convenient, less burdensome or less expensive. Google objects to the Subpoena to the extent it seeks electronically stored information that is not reasonably accessible to Google.
2. Google objects to the Subpoena to the extent it seeks information that is not proportionate to the needs of the case, not relevant to any party's claims or defenses, or not reasonably calculated to lead to the discovery of admissible evidence.
3. Google objects to the Subpoena to the extent it specifies a date of production that is unreasonable and unduly burdensome, including because it may not afford Google time to provide sufficient notice to the user.
4. Google objects to the Subpoena to the extent that it is vague, ambiguous, unlimited in time or scope, or fails to identify the information sought with reasonable particularity. Accordingly, Google further objects to the Subpoena to the extent it purports to require Google to preserve the requested information. Therefore you should not assume that Google will undertake steps to preserve any information in response to your Subpoena. Google is willing to meet and confer to discuss any preservation request.
5. Google objects to the Subpoena to the extent it seeks to impose obligations on Google beyond what is permissible under applicable law.

Google reserves the right to further object to the Subpoena in any additional response.

If you have any questions, please feel free to contact the undersigned at the Legal Support Department alias at [GOOGLE-LEGAL-SUPPORT@GOOGLE.COM](mailto:GOOGLE-LEGAL-SUPPORT@GOOGLE.COM). Additionally, should you wish to seek any judicial relief in connection with this matter, Google requests the opportunity to meet and confer in advance of any such filing. Thank you.

**Re: *Hidden Empire Holdings, LLC, et al. v. Darrick Angelone, et al.*, United States District Court for the Central District of California, 2:22-cv-06515-MWF-AGR; 2:22-cv-06515-MWF-ARG(x) (Internal Ref. No. 30640236)**

Dear Lawrence C. Hinkle II:

Pursuant to the subpoena issued in the above-referenced matter, we have conducted a diligent search for documents and information accessible on Google's systems that are responsive to your request. Without waiving, and subject to its objections, Google hereby agrees to produce documents via a secure file-transfer portal. You should receive instructions on how to access the portal via email. Please let us know if you do not receive the instructions. Our response is made in accordance with state and federal law, including the Electronic Communications Privacy Act. See 18 U.S.C. § 2701 et seq. By this response, Google does not waive any objection to further proceedings in this matter.

We understand that you have requested customer information regarding the user account(s) specified in the subpoena, which includes the following information: (1) subscriber and recent login information for the Google account(s) ROXANNE@HIDDENEMPIREFILMGROUP.COM, DARRICK@HIDDENEMPIREFILMGROUP.COM, OFFICE@HIDDENEMPIREFILMGROUP.COM.

Accompanying this letter is responsive information to the extent reasonably accessible from our system, a list of hash values corresponding to each file, and a signed Certificate of Authenticity. Google may not retain a copy of this production but does endeavor to keep a list of the files and their respective hash values.

Finally, Google requests reimbursement in the amount of \$125 for reasonable costs incurred in processing your request. Please forward your payment to Google Custodian of Records, at the address above and please write the Internal Reference Number (30640236) on your check. The federal tax ID number for Google is 77-0493581.

## CERTIFICATE OF AUTHENTICITY

I, Jordan Zuccarello, certify:

1. I am a Custodian of Records for Google LLC ("Google"), located in Mountain View, California. I am authorized to submit this Certificate of Authenticity on behalf of Google in response to a subpoena dated February 01, 2023 (Google LLC Internal Reference No. 30640236) in the matter of *Hidden Empire Holdings, LLC, et al. v. Darrick Angelone, et al.* I have personal knowledge of the following facts and could testify competently thereto if called as a witness.

2. The accompanying 3 file(s) contain true and correct copies of records pertaining to the email address ROXANNE@HIDDENEMPIREFILMGROUP.COM, DARRICK@HIDDENEMPIREFILMGROUP.COM, OFFICE@HIDDENEMPIREFILMGROUP.COM ("Document").

3. The documents attached hereto reflect records made and retained by Google. The records were made at or near the time the data was acquired, entered, or transmitted to or from Google; the records were kept in the course of a regularly conducted activity of Google; and the making of the records were a regular practice of that activity.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

DATED: March 13, 2023

A handwritten signature in black ink that reads "Jordan Zuccarello".

## INTRODUCTION

=====

This README file contains an explanation of the produced data. Each filename includes the Twitter account's unique identification number ("accountID").

To view a file, double click on it. You may need to select a text editing, word processing program, or browser to open the files (i.e., Notepad, Word, or Chrome). In a text editor or word processor, you may need to turn on "word wrap" to view the full contents of the file.

All of our records are maintained in UTC, which is the same as GMT for time zone purposes. Any fields that are blank or any files that have no content between the PGP header and signature block indicate that there are no responsive records for this filetype.

For more information, see our Guidelines for Law Enforcement: <https://t.co/le>

If you have additional questions that are not answered in our Guidelines for Law Enforcement, please reply directly to the production email you received. If you are unable to reply directly to the production email, please submit your inquiry via Twitter's web form (<https://support.twitter.com/forms/lawenforcement>) and include your Twitter case number from the subject line of the production email.

## CONTENTS

=====

This archive contains:

/account-creation-ip.txt: IP address used when the account was created.

/account.txt: Basic account information.

/ip-audit.txt: IP addresses associated with user authentications to Twitter.

/phone-number.txt: Phone number currently associated with the account if a phone number has been provided.

## DETAILED DOCUMENTATION

=====

This section documents the data in each file in more detail.

account-creation-ip.txt

-----

IP address used when the account was created.

\* accountID: Unique identifier for the account.

\* userCreationIp: IP address at account creation.

account.txt

-----

Basic account information.

- \* email: Email address currently associated with the account if an email address has been provided.
- \* createdVia: Client application used when the account was created. For example: "web" if the account was created from a browser.
- \* username: The account's current @username. Note that the @username may change but the account ID will remain the same for the lifetime of the account.
- \* accountId: Unique identifier for the account.
- \* createdAt: Date and time when the account was created.
- \* accountDisplayName: The account's name as currently displayed on the profile. Note that the display name may change but the account ID will remain the same for the lifetime of the account.

#### ip-audit.txt

-----

IP addresses associated with user authentications to Twitter. Please note that available IP logs correlate with user authentications to Twitter (i.e., sessions), and not to individual Tweet postings.

- \* accountId: Unique identifier for the account.
- \* createdAt: Date and time of a session associated with the account.
- \* loginIp: IP address associated with the session.

#### phone-number.txt

-----

- \* phoneNumber: Phone number currently associated with the account if a phone number has been provided.

DECLARATION OF JOLIE PERLA

I, Jolie Perla, hereby declare as follows:

1. I am a member of the legal department at X Corp., and work on responding to information requests made via legal process. The facts set forth in this declaration are true and correct to the best of my knowledge, information, and belief, and are based on my personal knowledge and/or information to which I have access.

2. On April 24, 2023, non-party X Corp. was served with a subpoena from the Plaintiffs in the above-captioned action ("Subpoena"). The Subpoena requested certain information regarding an account on the X platform with username @darrickdidit. I have checked X Corp.'s records, which reflect that account was erased on November 4, 2022.

I declare under penalty of perjury of the laws of the State of California and the United States of America that the foregoing is true and correct to the best of my knowledge and belief.

Executed on September <sup>9/21/2023</sup> \_\_\_, 2023 in San Francisco, California.

CERTIFICATE OF AUTHENTICITY OF DOMESTIC RECORDS OF REGULARLY  
CONDUCTED ACTIVITY

I, Marcella Barreto, certify and declare as follows:

1. I work for X Corp., and am located in San Francisco, California. I am a duly authorized custodian of records for X Corp., and am qualified to certify X Corp.'s domestic records of regularly conducted activity.

2. On March 23, 2023, X Corp. produced a true and correct copy of records regarding the account @hiddenempirefg in response to the subpoena issued to it (then, Twitter, Inc.), dated February 1, 2023, in the case of *Hidden Empire Holdings, LLC, et al. v. Darrick Angelone, et al.*, No. 2:22-cv-06515-MWF-ARG(x), pending in the United States District Court for the Central District of California.

3. The records produced on March 23, 2023 were made and kept by the automated systems of X Corp. in the course of regularly conducted activity as a regular practice of X Corp.

I declare under penalty of perjury under the laws of the State of California that the foregoing certification is true and correct to the best of my knowledge.

Executed on January 22, 2024, at San Francisco, California.

AFFIDAVIT OF RECORDS CUSTODIAN CERTIFYING BUSINESS RECORDS

PURSUANT TO FEDERAL RULES OF EVIDENCE 902(11) AND 902(13) AND EQUIVALENT STATE RULES

I, John P Koziatek, declare, under penalties of perjury by the laws of the United States of America pursuant to 28 U.S.C. § 1746, that the information contained in this certification is true and correct and is based on my personal knowledge.

I am employed by Charter Communications, Inc. or it's affiliates ("Charter") and my title is, Paralegal. I am over the age of 18 and fully competent to make this cerification. Part of my job responsibilities is to review the records that Charter maintains relating to individual subscriber accounts as part of it's business records. I have reviewed the attached Charter records for 2603:8000:df00:988f:90b8:f0ce:ab97:3f8d, 10/10/2022 7:32:00 PM, GMT, 0; 2603:8000:df00:988f:7c01:605e:9ece:4330, 10/5/2022 3:49:00 PM, GMT, 0; 2603:8000:df00:988f:d062:7bdb:3f5e:3df4, 8/31/2022 8:28:00 PM, GMT, 0; 2603:8000:df00:988f:f1b3:2443:fcf6:875e, 8/9/2022 9:00:00 PM, GMT, 0; 2603:8000:df00:988f:a42b:ccc6:2841:cc4, 6/10/2022 2:41:00 PM, GMT, 0 in response to a lawful request dated and issued to Charter Communications.

I further state that:

1. All records attached to this certificate were made at or near the time of the occurrence of the activity;
2. These records are kept in the ordinary course of the regularly conducted business activity of Charter Communications and making such records is a regular practice of Charter Communications; and
3. These records were generated by Charter Communications by an electronic process or system that produces an accurate result.
4. The records attached herto are the originals or the exact duplicates of the originals.

FURTHER AFFIANT SAITH NOT.
